CASHNet eBill

Present your institution’s bills online, eliminating the hard costs of postage, paper and handling. Students and parents can view both current and prior bills at their convenience and make payments online 24 x 7.

Bill Presentment

- Single sign-on compatibility with existing campus portals
- Single or multiple bill types
- Customized bills with your campus logo, colors and format
- Administrator has complete control for publishing eBills
- Present both static and dynamic bills
- Notify students and authorized payers through email
- Students can view and track their account activities
  - View new charges
  - View total amount due

Bill Payment

- Collect payments anytime, anywhere over the web
  - Credit cards, ACH, debit and campus cards
- Accelerate payment collection
- Automate payment posting to campus systems
- Defer all, part, or none of the costs associated with credit cards

Bill Manager

- Easy-to-produce eBills and reports
- Generate statistical reports and pie/bar charts
  - Bill adoption rates
  - Student account activity
  - Cash flow by revenue source
- Notification of bounced and undeliverable email

“...We were looking for some alternatives to manual sending of statements and bills, and we really like the flexibility of the CASHNet solution. It saves us a considerable amount of money and certainly time. We also like the idea that the student can manage where these bill are going to – the student can choose to send the notification of the bill to a parent, grandparent or perhaps to an employer...”

Business Benefits

Maximum Financial Return
CASHNet’s “Software as a Service” model enables you to reliably forecast campus commerce costs while having continual access to the latest technological advancements without further need for additional software or hardware investments. Our hosted architecture provides broader reach, greater availability, and lower cost than any alternative strategy today, making CASHNet effective for any campus, regardless of size and mission.

State of the Art Security
Protect your customers’ financial information and personal privacy and your institution’s assets and reputation with need-based data encryption, security certification and compliance, and access control. CASHNet’s state-of-the-art data center provides the architecture and processes that assure an unsurpassed level of safety and availability for every element of commerce on your campus.

Integration
CASHNet’s strategic alliances and two decades of interface expertise guarantees you seamless, end-to-end integration with your institution’s administrative and financial systems, whether Jenzabar, Peoplesoft, Banner, Datatel or legacy. Furthermore, we utilize our growing catalogue of tactical vendor alliances for specialized systems such as housing, dining, parking, library, events and health services to make sure that a consistent commerce solution is available at every corner of the campus.

Deployment, Training and Support
Deployment is fast and painless. Initial and recurrent training options are aligned with your institution’s policies and procedures and range from web-based to on-campus classes using real-life, hands-on exercises for users and administrators. Operational support is provided by our team of full-time, multi-lingual, Help Desk professionals.
